Emerging

- Indiana/Kentucky/Ohio Regional Council of Carpenters – Jerome Stanford
- MAPS Modern Apprenticeship Pathways to Success (MAPS).

Nursing CNA, Construction, CAMT Certified Apartment Maintenance Technician

MAPS

Option 1: YouthBuild Louisville registers your own National apprenticeships. YBL would be the sponsor and MAPS would provide your students with access to Diversity and Professionalism modules online. We would be listed on the registration at educational partner with YouthBuild Louisville.

Option 2: YouthBuild Louisville registers your apprenticeships under the National YouthBuild program registration process and the National YouthBuild would be the sponsor. MAPS would be listed as an educational partner and we would provide your students with access to online modules for Diversity and Professionalism. My DOL partner(s) would assist us with this registration.

Option 3: MAPS will register the program with the KY OEAS SAA, would be listed as the sponsor, and would provide your students with access to online modules for diversity and professionalism.

D'Neika R. Lopez
Assistant Director, MAPS Program
University of Louisville | College of Education and Human Development

Session Inquiries

- What are some strategies the workforce system can use to develop targeted youth apprenticeships?
- What considerations should be in place when developing partnerships to build youth participant pipelines?

Session Inquiries

- What challenges have you experienced in your programs?
- What has been your most successful program with minimal challenges regarding outreach, retention, and completion?

Session Inquiries

- What are some barriers you have experienced regarding Diversity, Equity, Inclusion, and Accessibility?
- How do/would you influence others to to “T.R.Y.”?
